The Kiwanis chorus, of which Ed Hirsch is a member, is sponsoring the Glenwood Boys choir's attendance, in order that they may gain inspiration from hearing this fine group of singers.

The DePauw choir has always been strongly identified with American Methodism. Three network radio programs over NBC and CBS have been presented in recent years. The DePauw choir will make its first European tour during the summer of 1956, presenting seven concerts in Norway, Sweden and Denmark for the Centennial of Methodism in Scandinavia.

Horse Makes News -- Bites Woman Owner

Mrs. Frank Townsend, who lives on East 7th st., Homer, was quite surprised the other day when her favorite riding horse bit off part of the lobe of her ear.

The Townsends keep several riding horses. All great pets of the family, Mrs. Townsend went into the barn to sympathize a little with a mare that had recently had a colt, which died. The mare had not been feeling well lately, evidently grieving over the loss of her colt. As she started to pet the horse the unusual incident happened.

Mrs. Townsend was taken to the hospital and had the wound dressed. They thought a great deal of this particular horse, and still do. "It didn't really bite," said Mrs. Townsend, "I just had my ear bitten."

Monkey Attends First Grade Class

The story of Mary's Little Lamb going to school is not new to anyone, but this time it was a monkey that went to school. Recently Mrs. W. H. Pitman of Mokena, who has a 2 1/2 year old monkey as a pet, took it to school to the first grade room in the educational building of the Methodist church Mrs. Minnie Pester is the teacher.

The children were fascinated with its antics and especially enjoyed watching him eat the cottage cheese, lettuce, canned fruit, nuts, vegetables etc.

The next day each child of that grade wrote a nice letter to Mrs. Pitman thanking her for bringing Jack-o, the monkey to school. Mrs. Pitman prizes these letters greatly.

Name Candidates In New Lenox Township Election

Candidates for the township election in New Lenox township to be held Tuesday April 5, are: For supervisor, John E. Francis, for highway commissioner, Willard Hafka and Albert F. Ziegler, one to be elected, and

The Ways and Means committee of the Mokena PTA which sponsored the basketball game between the "Meteors" and the "Vagabonds" consisting of the school faculty, cleared over \$100 for the PTA budget, Fred Lehmann, chairman of the committee reports. Credit is due to many folks for their share in making the evening a success. After the game everybody was guest of the PTA and were served soft drinks, coffee and cake. The mothers of the players made the cakes and served the refreshments.

The realistic appearance of the team trophy, "Myrtle" is due to Mrs. Walter Yunker's artistry; the cover design on the program as well as the posters and signs were executed by Miss Mary Burke, the second grade teacher. The beautiful prize was awarded to Martin Bayer of Blue Island.

Norman Robinson did a bang-up job as announcer, and Alvin Sorenson in addition to being scorekeeper, held the spotlight on each member of both squads as they were individually introduced. Glen Miers operated the P. A. system, and also set up the check room which was handled by three of his eighth grade boys. Jim Wrath, seventh grade teacher, did the biggest job of all, he coached both teams and saw that they practiced regularly. Coach Betty Cappel furnished the pep talks during the time outs and her strategy plus that of Captain Scarth prevented a rout. The officials, Marvin and Harold Homering, saw to it that all rules and regulations were kept in mind.

During the intermission between halves, Coach Wrath presented the "most valuable player award" to Allen Schuldt of the lightweight team and to Lee Yunker of the heavyweight team. These boys were chosen by their own team mates by secret vote.

Cheer leaders of the Vagabonds were: Sheila Bennett, Susan Benson, Kathryn Cooper, Barbara Duer and Linda Powers. Of the Meteors: Karen Anderson, Sharon Cappel, Phyllis Hacker, Beverly Johnson, Caroline Schwartz and Sandra Swinford who kept the rosters in a feverish state of excitement with their almost continuous cheers, many of which were brand new, written especially for this particular game.

Other credits are due to George Bills for furnishing the programs, Mrs. Mary Zemeske for pictures of both teams, Roy Richardson, Stanley Williams, Herman Lorenz and Arthur Shoon for their excellent work on the ways and means committee, and the News-Bulletin.

As the audience rose from their comfortable bench seats (courtesy of the New Lenox Lumber and Hardware Co.) many folks hoped that the game would become an annual affair.

A moving account of this game, written by Coach Wrath, will be found on the sports page with the box score.

Warns Of Dogs On Loose In Mokena

Police officer Vernon Bornet of Mokena has reported that many dogs are running loose and gangling up in groups of five and six.

Most of these dogs come from outside the village and because the village has a ruling that dogs may not run at large, these dogs so caught will be held, the owner notified if known, or otherwise disposed of.

Mr. Bornet would like to warn people outside the village not to allow their dogs to run loose.

Museum Passes 25th Million Visitor Milestone

An attendance milestone was passed Sunday afternoon, March 6 at Chicago's Museum of Science and Industry with the arrival of its 25th million visitor.

The Museum first opened in June, 1933, and from an annual attendance of some 300,000 it has now increased to more than two and a half million, with visitors coming from all over the world. Not only has it become a unique institution in its exhibit techniques and content but it has also become the best attended museum in the country. And it is still growing, both in exhibits and number of visitors.

While it took the Museum almost three years to clock a million visitors in the 1930's, it now counts a million in the space of four or five months. Attendance during any of the summer months of June, July or August will see as many visitors as during an entire year in the Museum's early days.

For two library trustees, Fred H. Scheel and Maude Ayres. Polling places in the New Lenox Fire station for precinct one and in the Episcopal church basement, for precinct two. Polls will be open from 6 a.m. to 5 p.m.

J. COHEN, WELL KNOWN JOLIET MERCHANT, DIES

Mr. J. J. Cohen, 210 5th ave., Joliet, owner of the White Store on Chicago street in Joliet, died in St. Joseph's hospital Sunday, following a long illness.

Mr. Cohen was always a friend of the Semmler Newspapers and from the time he went into business in Joliet, when he first opened a grocery store on Cass street, he placed his ad in these newspapers, and said he always wanted his ad in every week.

Mr. Cohen moved his store from its first location on Cass street to where the Goldblatt Bros. annex is now located. Here he sold groceries and clothing. Fifteen years ago he moved to his present location at Chicago and Webster street.

Mr. Cohen was highly respected by everyone and was a friend to all. He contributed generously to all charitable purposes, and because he was that kind of man he aided all local veterans posts. He was considered an honorary member by the various veteran posts in Joliet.

He also had a great interest in the youth of the community, and was a member of the Rainbow Council of the Boy Scouts, and of the YMCA. He was civic minded and became an honorary member of the Central Trade and Labor Council of Will county and the local Policemen's Protective Association as well as the International Association of Chiefs of Police.

He was a member of the Illinois Federation of Retail Clerks' Association and the Joliet Chamber of Commerce, Joliet Rivals club and the Elks Lodge of Hammond, Ind.

He contributed much to the cause of labor, and was a great traveler. Besides going on extensive fishing trips in this country and Canada, he traveled to Europe, South America and the Far East. He served as a member of the City of Joliet fire and police board, and was a member of the local and state sportsmen's clubs.

Mr. Cohen was born in Milwaukee, Wis. and moved to Joliet about 50 years ago. He was a member of the Joliet Jewish Congregation and the M. A. T. Lodge of B'nai B'rith. He was charitable to all faiths, and contributed to many fund-raising activities of other churches and groups.

Mr. Cohen is survived by a daughter, Mrs. Alice Bergen, and a grandson, James J. Bergen, both of Joliet; two brothers, Harry C. Cohen, of San Francisco and Bernard F. of Decatur, and five sisters, Mrs. Esther Sharpe, Mrs. Sigmund Wolgen and Mrs. Libby Lindenthal of Chicago, Mrs. Annabell Woodard of Aurora and Mrs. Leah Lizette Lloyd, Oakland, Cal.

The funeral was held Tuesday from the Blood and Grant funeral home in Joliet, to the Joliet Jewish congregation for services with Rabbi M. M. Hersham officiating. Burial was in Mount Moriah cemetery, Joliet.

Among the 22 honorary pallbearers were Mayor Arthur Janke, County Judge John Cowling, County Probate Judge Stewart Hutchison, Fire Chief Arthur Dillon and Police Chief Ervin F. Boe.

The White Store was closed all day Monday and Tuesday.

L-W Teachers Meet At Weitendorf School

The Lincoln Highway Division of classroom teachers held their March meeting in the Weitendorf school with Mrs. Emma Marti, Mrs. Adelaide Warrenner, and Mrs. Alma Thornburg as hostesses.

A short business session presided over by the president Mrs. George Walker, followed the exchange of ideas for Easter and spring in general.

The speaker of the evening was Dr. Michael Scarpetto, assistant superintendent of Joliet schools. A general discussion followed, emphasis being placed on the importance of good reading and school ethics.

Special guests for the evening were Miss Gladys Leatherman, rural supervisor and Mrs. Scarpetto. Refreshments were served after the meeting.

At the next meeting Miss Leatherman will give a book review on a state required book.

Glenn F. Logan To Be Managing Editor Of Semmler Papers

Glenn F. Logan

Glenn F. Logan, a newsman with more than 30 years experience in the Joliet and Will county field, will join the Semmler Newspaper organization as managing editor for the four publications effective Monday, March 28. The announcement of this appointment is made today by Mrs. Margaret Semmler, editor and publisher of the four papers.

Mrs. Semmler has found it necessary to make this addition to her staff because of the constant growth of the territory served by the Semmler papers, and the increasing demands upon her time, and to relieve her of some of the burden of responsibility which this expansion is creating. She is in no sense retiring, but simply stepping aside to get from under the burden of excessive work.

Mr. Logan is a native of Missouri, but came to Joliet in 1919 and went to work as a reporter for the Herald-News, later becoming its city editor, a position he held in 1943 when he resigned to enter business outside the news field. For the next seven years he has been news editor for Radio Station WJOL in Joliet, and compiled the regular noon and evening local newscasts broadcast there daily through the week.

Mr. Logan is really no stranger to the Semmler family, as the late William Semmler knew him when they both worked on the Joliet Herald-News.

Mr. Logan and his wife reside in Joliet at present, but plan to move to Mokena in the near future.

KILLED ON ROUTE 50 IN BLIZZARD

Mr. Fred Top, 55, was killed by an automobile in Tuesday's blizzard, just before noon, on Route 50 (Cicero ave) near 183rd st. Mr. Top, who lived on a farm on Harlem ave., south of Sauk Trail, had gotten out of his car and was talking with Robert Kase, 23, of Park Forest, whose car had bumped into him in the blinding snowstorm.

A third vehicle struck Kase as he was standing near the road and knocked him into the ditch. A truck stopped behind the third vehicle. Thus, there were three cars and a truck standing on the highway, with visibility at zero. A moment later another truck ran into the back of the first truck, telescoping all the vehicles. Mr. Top was pinned against one of the cars and crushed. He was dead on arrival of Illinois State Police from 135th and Cicero ave.

Mr. Kase was injured, but not seriously. He was taken to St. James hospital in Chicago Heights. Mr. Top was taken to the Hub Funeral Home in Chicago Heights, where an inquest was held Wednesday afternoon. At this inquest a verdict of accidental death was rendered, as there were so many involved it was impossible to determine who actually was responsible, if anyone.

Mr. Top is survived by his wife, Theresa, three daughters, Mrs. Betty Brander and Mrs. Janet Riley, both of Chicago, and Mrs. Bernice Franks, of Okema, Okla. Also by three brothers, Ben, Frank and John, and a sister, Mrs. Ann Herlien, all of Chicago, and by seven grandchildren.

Funeral services will be held Friday afternoon at 2 o'clock, in the Hub Funeral Home with Rev. Carl Wilhelm, of the First Christian Church of Chicago Heights officiating. Burial will be in Chapel Hill cemetery, Chicago.

START CLOTHES CRUSADE NEXT WEEK IN L-W

Lincoln-Way students are having a clothing drive the week of March 28 through April 1. Their goal: To help provide a sturdy, warm, clean clothing for needy children in America and overseas.

According to principal A. Hunter Chapman, the local drive is part of Save the Children Federation's Thirteenth annual National "Children's Clothing Week," which is conducted in public schools throughout the United States under the auspices of the Federation's National Advisory Committee of School Superintendents.

The clothing collected will be used to aid children and families in Korea, in war depleted countries of Europe and the Middle East, and in disadvantaged areas of the United States, including the Navajo Indian Reservation.

"In Europe, the children are still suffering from the ravages of war," Mr. Chapman said. "The need in Korea is even more urgent. Two million victims of Communist aggression in Korea are still refugees. We must help them."

Mr. Chapman pointed out a second objective of the drive. "Not only are we helping to alleviate the suffering of many thousands of needy children," he said, "but we are also teaching our own students a valuable lesson in the importance of thinking of others."

Federation officials present these pointers for clothing givers who want to be sure their clothing will do the most good:

Most needed is warm clothing—heavy underwear, wool skirts, suits, sweaters and coats. Bundle Day clothing goes to people whose first need is warmth—not style. If the clothing is warm, even adult sizes can be cut down and gratefully used.

Children's shoes are next in importance. Even though scuffed, America's outgrown shoes still have miles of use left in them. Here again adult sizes can be used. However, high heeled women's shoes are of no use either to mothers or children in areas served by the Federation, and should not be included.

Children's clothing is in constant demand. Diapers, crib blankets, night shirts, warm sweaters and undershirts are especially needed.

Mr. Chapman stressed the importance of having all clothing gifts clean and in good repair as possible "because these gifts will be symbols of new hope to many needy children."

Save the Children Federation urges all local citizens to join in the clothing crusade, either by sending a bundle of used clothing to school or by making a small cash contribution to help defray the cost of collecting, reconditioning and sorting the clothing for distribution. Cash contributions in a any amount may be sent to: National Headquarters, Save the Children Federation, 345 East 46th Street, New York City, N. Y.

SPRING MAKES WINTER LOOK LIKE PIKER

The second day of Spring was ushered in Tuesday with a violent wind and snowstorm which made even the worst blizzard of mid winter seem mild in comparison. It was a freakish storm, with winds in gusts up to 60 miles an hour, and with a high velocity average. Saturday the day before the driving wind, which stalled many cars under power by sucking snow under the hood, shorting the spark plugs. Stalled cars and trucks were strewn all along the highways, and there were many motor accidents and some fatalities.

The Lincoln-Way high school bus running to Manhattan and Lincoln Estates east of Frankfort did not get through. Buses that succeeded in reaching their destination got through with the greatest difficulty. The chief danger and impediment to traffic was not the slippery roads—they have been slipperier. But the low visibility was caused by the wind-driven snow. Visibility was not more than a car length ahead in many areas.

Luckily there was little damage from falling branches and wires as they were not ice coated and withstood the frigid blast, which whistled away all day long.

Nobody enjoyed this second day of spring. Even the hardest little school boys trudged along, backward in many cases, as though they didn't like it. "What's happened to all the robins?" asked one little fellow. Well, that's anybody's guess.

ANNOUNCE ENGAGEMENT

Basements Flood When Vandals Shut Water Valve In Frankfort

Stone Throwing Vandals Break 13 Garage Windows

The two-car garage owned by Mrs. Amanda McGovney, who lives on First st., Mokena, sustained serious damage some time Friday night, and one of the cars inside the garage was damaged. The McGovney car occupied half the garage space and the other half is occupied by the car belonging to Mr. and Mrs. Fred Steinhagen.

Both cars were in the garage Friday night. Saturday morning Mrs. McGovney discovered that 13 lights over the garage doors and also one window light on the side of the garage were broken, evidently by thrown stones, about the size of golf balls. The stones missed hitting the windows of either car, but did dent the McGovney car. It was very fortunate that the cars were not seriously damaged.

It is believed that this was the work of a gang of youths who have nothing more important to do than destroy other people's property. The incident has been reported to the proper authorities, and an investigation is being made.

The Bearded Man

(With Acknowledgments to Whittier's "The Barefoot Boy")

Blessings on thee, bearded man, Grow thy whiskers whilst thou can!

With thy plug hat's jaunty grace, Adding glory to thy face, "Handle bars" are back in style, And they'll be for quite a while. Whiskers glorify, enchant, Make thee look like U. S. Grant. Villagers will sing thy praise Long before Centennial days. Boys may gawk and girls may stare,

Thinking thee a grizzled bear; Care not, though thy looks be weird,

Only men can grow a beard! Though thy razor gather moss, Thou hast put the deal across! Hail the great Centennial man, Crowding years in one brief moon.

Prince thou art, 'tis very true, Frankfort doffs its hat to you! Ponder not on what you miss, After all, what's in a kiss? Samson's strength lay in his hair, But, O Frankfort man, beware! Lest there reason be for tears, Mama keeps a pair of shears!

SPORTSMEN'S CLUB MEET IN FRANKFORT

The Frankfort Sportsman's club will hold a meeting March 28 in the Frankfort village hall. All county directors and officers will be present at this meeting.

All who were members of the club in 1954, and all current members, are urged to attend this meeting.

Last Friday night someone entered the Frankfort pump-house and shut off the valve of the village well located on Kansas street. This first became known when people who have hot water heaters connected with the city water in Frankfort had their safety valves blow out, and the water from the heaters began flooding their basements. There was, also, considerable vibration in their homes, and unusual noises.

At 2:30 o'clock Saturday morning Frank Eisenbrandt, the plumber in Frankfort, began receiving one call after the other, each voicing the same complaint the safety valves in their hot water heaters had blown out, flooding the basement. After receiving many similar calls, Mr. Eisenbrandt called Walter Pfaff, village clerk, who is in charge of the pump house on Kansas street. Eisenbrandt asked Pfaff if anything was wrong at the pump house. Pfaff replied everything was OK when he went to bed Friday night, but that he would go over immediately and take a look around. On arriving at the pump house Mr. Pfaff noticed that someone had entered the building and closed the valve to the city well on Kansas street. Now, when this valve is closed, or this well shut off, it automatically throws the other village well into operation. This emergency well kept pumping until the water main became filled, causing pressure in the main which was followed by pressure in the hot water heaters connected to the mains. This furnished the answer to the flooded basements.

However, there were other consequences. This undue pressure caused the water mains on Kansas street to crack, causing considerable trouble. Of course when Mr. Pfaff saw what was wrong, he immediately opened the valve ending the trouble. "Never in the history of this village," said Mr. Pfaff, "have we kept the pump house locked. It is directed all night long, inside and out, but from now on it's locked."

The village board held a special meeting Monday night in which they agreed to offer \$300 reward for the arrest and conviction of the person or persons who committed this crime against the village of Frankfort.

IN MEMORIAM

MEEK—Mrs. Minnie E. In loving memory of my mother who passed away one year ago March 28.

Years of sacrifice, little of play,
Loving and giving and smooth-
the way;
Life is too short mother ever
to pay;
Strong in adversity, ready to
do;
Gentle, unselfish, a friend ever
true,
Our proudest possession, dear
mother, was you.

Andrew Louis Bueschel, III, the son of Mr. and Mrs. Andrew Bueschel of Orland Park, was baptized in St. John's Evangelical church Sunday. Sponsors were Ray and Jacquelin Reiser.

Pvt. Donald Cappel from Ft. Riley, Kans., spent the week end at home with his family. A son was born to Mr. and Mrs. Lester Oakley in Silver Cross hospital Friday March 18. The baby weighed six pounds seven ounces and has been named John Patrick. They are making their home with her mother, Mrs. Cecelia Walsh.

Buster, young son of Mr. and Mrs. Gordon Bruce received a cut in his eye brow Saturday in a fall. Two stitches were necessary.

At the last meeting of the WSCS of the Methodist church, held in the church recently, the group ordered stainless steel knives, forks and spoons, and cups. Through the courtesy of Berle Needham, the church is receiving 100 plates, saucers, pie plates and soup bowls. Mr. Needham will also place the above order. This is a start for the church to stock their dish cupboard, for which they are most grateful to Mr. Needham.

G.A.A. News

The girls in G.A.A. are now learning to bowl and keep score from our bowling sponsor, Miss Hartman. A group of twenty girls on Wednesday and Thursday leave the school at the beginning of the 7th period and bowl for an hour. These girls will bowl until the end of March. If there is another group of girls that would like to bowl, it will

be continued into the month of April.

The rest of the girls that stay at the school have basketball. Miss Sprayberry has also opened up a course in trampolining for the girls. The girls in Leaders Club have been getting in some needed practice in umpiring and refereeing the basketball games.

The girls that were picked by their classmates will enter into a basketball shooting tournament. It was organized by the state G.A.A. for the members who want to take part. The contest will see how we compare with the other schools. It will take place after school on March 17.

These girls met Tuesday during the activity period to find out about the rules, how they were going to be scored, and the different positions from which they will shoot.

On March 26, Ardis Batson, Nancy Bovee, Pat and Marilyn Boleman will attend a dance clinic at I.S.N.U. where there will be girls from all over the state taking part in classes of modern, folk, square, and social dancing.

At our Friday, March 11th meeting, the president announced the girls that would be eligible for initiation. The girls must have at least 24 points, a heart examination, and their dues paid. These girls will be formally initiated March 21 at our Monday meeting.

Miss Sprayberry passed out

cards on which the girls signed up for spring sports. These sports include table tennis, softball, volleyball, archery, tennis, badminton, and pitching washers.

The meeting was adjourned by president Ardis Batson.

Observe Illinois Swine Growers' Day April 7th

Thursday, April 7 is the day for local swine growers to focus their attention on the University of Illinois at Urbana, says Assistant Farm Adviser William F. Whiteside. That's the date selected for the annual Illinois Swine Growers' Day.

Swine production methods are changing rapidly and this year's program has been planned to keep swine raisers posted on new practices, Whiteside says.

Swine specialists at the College of Agriculture will give reports on many of the research projects being carried out at the University's swine farm. These include methods of cutting costs in feeding bred sows and gilts, a summary of early weaning and palatability trials and comparison of pig starter rations.

Other work that will be presented include results of a cross-breeding and creep-feeding experiment, and a comparison of free-choice and complete rations on pasture and drylot.

A Salute To Tinley Park's New Municipal Building

And To All Who Made It Possible

On the occasion of the dedication of Tinley Park's modern new municipal building, we, the undersigned business men of Tinley Park congratulate the members of the village boards, past and present, who conceived and promoted this project, and the citizens of Tinley Park for having had the courage and vision to approve it at the polls.

We believe our new municipal building, with its fine fire fighting equipment and office facilities, is a symbol of progress, and that it marks a milestone in Tinley Park's forward march to a still better standard of living for all its citizens, and a still higher place in the community of villages.

Sincere good wishes for this glorious day of dedication, and for the years to come.

Elmer E. Knudsen, village clerk, is shown in his office in the new municipal building, with his assistant, Ruth McBurney.

MUSIC PROGRAM

by Joan Beaman
Room 309, grade 8

"There's music in the air" might well be the way to describe the annual music program given by the Tinley Park boys and girls chorus and the tonette, band at the Tinley Park school auditorium. They are both directed by the school's music teacher, Mrs. Jahn. The program was given on March 15. As an added attraction, Mrs. Lindsay, a resident of Tinley Park, explained and played the cello.

Among other things the chorus sang, "My Wild Irish Rose," "Stodola Pumpa," "The Green Cathedral" and a solo sung by Tommy Blount, "Let Me Go Lover." The tonette band played and sang a variety of songs as "Those Caissons go Rolling Along."

The tonette band is composed of 4th and 5th graders, and the

chorus is made up of 7th and 8th graders.

NEW HOMER RATES SHOW DECREASE

There are nine elementary school districts in Homer township so there are nine different tax rates there—and the new rates which will be used in arriving at the tax bills to be paid this spring have just been compiled by County Clerk Joseph Hartley. The total tax rate is the amount paid on each \$100 of equalized assessed valuation.

All of Homer township is in the Lockport township high school district so there is no variation in the rates from that score. The town tax for Homer is .144, poor relief .044, and road and bridge .27 per \$100 equalized assessed valuation. The high school tax rate is .684—a two cent reduction from last year. The road and bridge tax in Homer is less by four cents this year too. The county tax of .186 and the forest preserve district tax rate of six mills is the same, of course, in all townships. In Homer township that is part of a fire protection district at a rate of nine cents has been set.

The total tax rate to be paid in various sections of Homer are listed according to grade school districts as follows:

Dist. 92, \$2.179 as compared to \$2.088 last year.
Dist. 92, inside Homer fire district, \$2.269.
Dist. 135, inside fire district,

\$1.94.
Dist. 135, outside fire district \$1.85.
Dist. 131, \$2.016 as compared to \$2.08 last year.
Dist. 125, \$2.246 which is six mills higher than the rate used last year.
Dist. 127, \$1.937 as compared to \$2.22 last year.
Dist. 128, \$2.393 as compared to \$2.524 last year.
Dist. 130, \$1.856 as compared to \$1.997 last year.

Home Bureau To Instruct On Party Refreshments

Routine business was transacted Monday morning, March 14, when the executive board of the Will County Home Bureau met in regular session, in Joliet.

A minor lesson on electric equipment safety will be given March 25, from 10 to 11 a.m. in the conference room and the major lesson on refreshments for parties will be given March 30 at 1 o'clock with Mrs. Barbara Mc Grath from the University of Illinois as instructor. This will be given in Sportman's hall, in Manhattan.

The board approved the formation of a new Home Bureau Unit which would meet at night in Joliet. Anyone interested in joining this unit which would meet in the conference room should contact the Home Bureau office immediately for details.

Little Ol' Bag

You wouldn't think so from the size of the national budget, but the word "budget" originally meant a "little bag" to carry coins in. The ancient Romans had the word "bulga" to describe a leather bag and its contents; the French took over the word and made in "bouge." A little "bouge" became a "bougette," whence eventuated into our over-worked word.

ALPINE

Mrs. E. Mrosek
Orland 41-J-1

MAUE SCHOOL NEWS

The boys and girls enjoyed two fine health films last week. One was entitled "Defense Against Invasion" and the other "Goodbye Mr. Germ."

First graders are busy learning to read and write numbers to 50. Second graders are writing numbers to 100 and learning to read numbers to 200.

Science classes are observing signs of spring. Several of the children have seen bluebirds, meadowlarks and even a few have found crayfish and turtles along the N. Hickory creek.

Monday we learned a spring poem called "The First Day of Spring."

Davy Crockett is a most familiar tune heard around the Maue school grounds, and no wonder when grades 1-4 have voted this No. 1 on their own "Room Hit Parade."

All the children are making special efforts to improve their everyday writing.

4H clubs in the Alpine district were well represented at the rally in Homewood, Monday evening.

Seven Orland Boys 4H club members who are enrolled in maintenance attended classes at the Goodson Implement company in Tinley Park Tuesday evening. They were: In the "D" unit, Darrell Erickson, Walter Bernard and Donald Gee. In the "B" unit, Carl Peterson, Bob Stoutenour, Walter Reeves and Edward Mrosek. The instructor is Hilbert Slemser and Albert Reeves assistant instructor.

Many of Alpine's housewives and 4H members are occupied with care of baby chicks. On the way to school Monday morning, six year old Donny Kohl tragically announced the loss of one chick out of a recent order of 150. It might be well to remember Donny when the 1959 4H membership drive is on.

The 1955 4H club membership drive is on. Boys and girls between the ages of 10-21 are invited to join.

Mr. and Mrs. Henry Felsch, daughters Sandra and Patsy and their guest Carla Mrosek attended a movie in Harvey Friday evening.

Mokena 'Meteors' Score Thrilling Victory Over 'Vagabonds'; Win 'Myrtle Turtle'

The Mokena "Meteors" retained their village championship with a thrilling 35 to 34 victory over the "Vagabonds," Saturday, March 19. The victory enabled the champions to gain possession of the coveted trophy, affectionately known as "Murtle the Turtle."

The game, was a spine-tingler from the opening tipoff when Shorty Yunker scored a basket for the wrong team. His play had telling effects since it eventually proved to be the winning score for the Meteors. The Vagabonds were hampered also by their inability to see the basket clearly but this condition was remedied when Groucho Marx Powers agreed to leave his cigar on the

sidelines thus clearing the smoky atmosphere.

The Meteors started fast and paced by Schult and Daugherty swept into a 25 to 18 lead at half time. Any ideas that the crowd may have had, however, of an easy Meteor victory were soon dispelled as the third quarter began. A stirring pep talk by Coach Cappel, brilliant planning by Capt. Scarth, and a few swigs from the "little brown jug" instilled new life into the "5 old men."

Shorty dropped in 2 baskets from his perch on a ladder which mysteriously appeared on the floor. Capt. John showed remarkable accuracy at the free throw

line as the Vagabonds slowly cut down the Meteors lead. Teague, Powers, and Bruce continued their defensive play and ree wee Muehler despite his size handicap ripped the net with basket after basket. Finally, in one last desperate effort to pull the game out of the fire, Coach Cappel sent Buckets Geunier hobbling into the game on crutches. His appearance called for the famous London Bridge play which the Vagabonds worked to perfection for another 2 points. Their star had remained on the bench too long, however, and the horn sounded before the score could be tied.

The Vagabonds claimed that they should have been credited with Yunker's goal in the wrong basket but their protest was overruled and the Meteors were declared the victors and still Village Champions, 35 to 34.

The Bananweights played the Lightweights prior to the championship game. The Bananweights won, 15 to 6.

ROUND BALES

never buckle

If you've become impatient with broken bales in your barn or feedlot stack, try round bales next.

They're rolled in layers, which prevents buckling, a method possible only with the Allis-Chalmers ROTO-BALER. Round bales are firm and tight, yet are self-feeding in the rack or on the ground.

Best of all, uniform round bales nestle together, like cigarettes in a package, to lock each other in place. More hay goes in a given area when bales are round.

See us today about the way you can prevent broken bales — with a home-owned Allis-Chalmers ROTO-BALER.

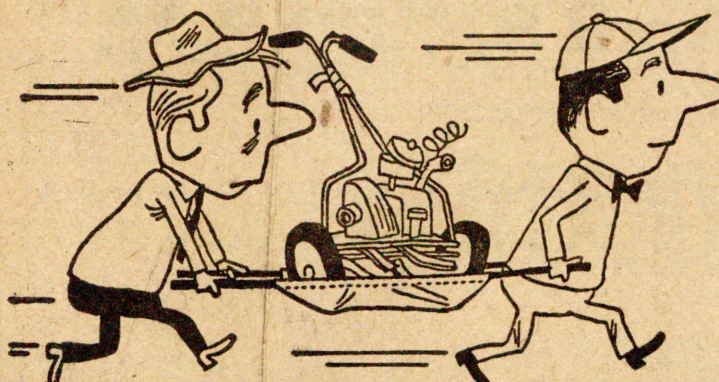

ROTO-BALER is an Allis-Chalmers trademark.

Washington Snapshots

With Secretary of Defense Charles E. Wilson asserting that the country today has "better defense for less money," his department is spending \$1.6-billion less annually for military goods than before President Eisenhower named the Detroit to the defense post.

When Mr. Wilson took office there was hanging over his department a backlog of \$78.7-billion of unspent, but largely committed, appropriations left by the previous administration. This reduced the area in which Secretary Wilson and his aides could bring about efficiency and economy.

One big change he made was to reduce the huge surpluses of which warehouses were bulging, saying:

"We believe in having enough, but we don't believe in buying more than we need just so we can run an auction sale some time later at 5 or 10 cents on the dollar."

Another effort Mr. Wilson has made has been to regularize purchases so that there would not be a sudden demand for machines and employees, only to be followed by idleness for both.

High Temperature Springs

High nickel alloys, such as Inconel and Duranickel, are used widely for springs designed to operate at temperatures as high as 650 degrees Fahrenheit because these materials retain their mechanical and physical properties as such elevated temperatures.

"I wonder why so many people get cantankerous as they get along in years," Molly mused.

"Meaning who?" asked George, putting aside his paper.

"I'm mentioning no names.... But you've noticed it, haven't you?"

"Guess I have," George smiled. "Well, maybe it's because they don't feel so good. That can make a person cranky."

"Yes, but a lot of middle-aged people don't feel so good sometimes. You and I, for example. That can't be the answer."

"Not entirely, perhaps. A lot of things could contribute to it." "If there was just one cause that we could watch out for, it might save us and our friends and relatives an awful lot of heartaches later on," Molly reflected.

"Since there isn't—or at least we don't seem to know it," George replied, "let's sort of keep checking up on one another as we go along. Not let ourselves get cranky."

"Good idea," said Molly. "Let's!"

I wholly disapprove of what you say but will defend to the death your right to say it. — Voltaire to Helvetius.

MONEL GASOLINE TANKS
Light gauge Monel sheet is being increasingly employed for the gasoline tanks of many new motorboats because it resists corrosion and inhibits the formation of fuel gums that can clog gas lines and strainers. Its strength also provides a valuable safety factor. Another advantage of Monel for this use lies in the fact that it can be easily formed and welded and thus can be made into any approved type of motor boat gasoline tank.
